What a wonderful place! I ordered flowers online for my mothers birthday since I live out of state and couldn't be there. When they delivered them they took a picture of her and the flower and sent it to me! Being able to see her smile when she received her flowers was so nice! The customers service is above and beyond what ive ever could expect! And the flowers were perfect!! Thank you willits Florist for making my moms Day!

Great job on time and when they realized they didn't have what was ordered they went out of their way to find everything and filled the order.

Thank you for being able to honor one of our former work associates. Your website is wonderfully easy to use and helpful. When times are difficult it is nice to find the advantage of simplicity. Your bouquet is beautiful!

Wil does amazing arrangements, they are unique and none are the same. The flowers last for a long time. He puts his special twist to all of the arrangements he sends out. He is a great teacher if you have any questions about arrangements. So glad he is in Willits now.
